

REBUILT

RESULT 2 REBUILT MOOC

We are thrilled to share an exciting update on our ongoing project. Our partners have been hard at work developing Result 2, and we are pleased to announce that the Rebuilt MOOC Platform is nearing completion!

Our dedicated IT specialists have been working to ensure that the MOOC platform is easily accessible to users. They have focused their efforts on creating a user-friendly interface and implementing essential features to enhance the overall learning experience.

The MOOC Rebuilt Platform represents a significant milestone in our commitment to fostering accessible and inclusive education. With its launch, we aim to provide a dynamic and engaging online learning environment to empower a diverse community with knowledge about doing business under climate pressure.

NEXT STEPS

The next phase of this remarkable project would be the piloting of the Rebuilt MOOC platform with representatives of the target group from each partner country. This crucial step will allow us to gather valuable feedback and further refine the platform based on the needs of the users.

As we prepare for the piloting phase, we invite you to stay tuned for further updates on the progress of Result 2 and the official launch of the MOOC Rebuilt Platform. Join us in celebrating this remarkable achievement and be part of our journey in transforming education through innovative technology.

TRANSNATIONAL PROJECT MANAGEMENT MEETING IN VRATSA

We are delighted to share the news of the highly successful Transnational Project Meeting of the REBUILT project, which took place on June 6th and 7th, 2023. Hosted by the Chamber of Commerce of Vratsa, Bulgaria, this meeting brought together partners from various countries to discuss the project's development and activities. Notably, partners shared the remarkable outcomes of their Multiplier Events held in their respective countries. With a steadfast adherence to the agenda, the meeting encompassed detailed planning for all Work Packages of the project.

Discovering Vratsa: A City Rich in History Nestled amidst the breathtaking landscapes of Northwestern Bulgaria, Vratsa is a city steeped in historical significance. With roots tracing back to ancient times, Vratsa has long been an economic and cultural center in the region. Situated along major trade routes, the city's strategic location has played a pivotal role in its growth and prosperity.

The Transnational Project Meeting revolved around in-depth discussions concerning the development and activities of the REBUILT project. A key focus was placed on the MOOC (Massive Open Online Course) component, an integral part of achieving the project's overarching objectives. Partners collaborated on diverse aspects, including project management, coordination, quality assurance, evaluation, dissemination, and exploitation activities.
