 - **Link:** <https://www.europeanbusinessreview.com/>
- **Tool Name:** ECCH Case Studies
 - **Type:** Case Studies
 - **Description:** Access to a collection of European business strategy case studies from the European Case Clearing House.
 - **Link:** <https://www.thecasecentre.org/>

2. Measuring GHG Emissions Tools:

- **Tool Name:** GHG Protocol
 - **Type:** Software
 - **Description:** Industry-standard tool for measuring and managing greenhouse gas emissions.
 - **Link:** [Homepage | GHG Protocol](#)
- **Tool Name:** Carbon Trust Footprint Expert
 - **Type:** Software
 - **Description:** Software tool designed to calculate and manage carbon footprints.
 - **Link:** [carbon trust footprint](#)
- **Tool Name:** Global Carbon Atlas
 - **Type:** Interactive
 - **Description:** An interactive tool providing global carbon emissions data and visualizations.
 - **Link:** <https://globalcarbonatlas.org/>
- **Tool Name:** IEA Energy Technology Perspectives Model
 - **Type:** Guide
 - **Description:** ETP-2023 will be an indispensable guidebook for decision-makers in governments and industry seeking to tap into the opportunities offered by the emerging new energy economy, while navigating uncertainties and safeguarding energy security.
 - **Link:** [Energy Technology Perspectives 2023 – Analysis - IEA](#)

- **Tool Name:** WRI GHG Measurement Guidance
 - **Type:** Online Guide
 - **Description:** Comprehensive online guidance for measuring GHG emissions from the World Resources Institute.
 - **Link:** <https://www.wri.org/initiatives/greenhouse-gas-protocol>

3. Modeling Emission Strategies Tools:

- **Tool Name:** C-ROADS Climate Simulator
 - **Type:** Interactive
 - **Description:** An interactive simulator for exploring the impact of emission reduction strategies.
 - **Link:** <https://www.climateinteractive.org/c-roads/>
- **Tool Name:** IPCC Emission Scenarios
 - **Type:** Online Guide
 - **Description:** Access to emission scenarios provided by the Intergovernmental Panel on Climate Change (IPCC).
 - **Link:** <https://www.ipcc.ch/report/emissions-scenarios/>
 -
- **Tool Name:** European Climate Adaptation Platform (CLIMATE-ADAPT)
 - **Type:** Case Studies
 - **Description:** Collection of case studies showcasing climate adaptation strategies in European countries.
 - **Link:** <https://climate-adapt.eea.europa.eu/>
- **Tool Name:** SIMAPRO
 - **Type:** software
 - **Description:** “LCA software for informed changemakers: sustainability insights, SimaPro helps you become an informed changemaker that has the power to reduce the environmental footprint of products and services. Ideal for LCA experts, sustainability professionals, product designers, and decision-makers.”
 - **Link:** [SimaPro | LCA software for informed changemakers](#)
